

**CARIBOU COUNTY
FAMILY NIGHT AND WEEK PROCLAMATION
RESOLUTION #03-02**

Whereas the Caribou County Healthier Youth has identified certain developmental assets essential in strengthening youth, and

Whereas the family helps youth develop certain of those assets, and

Whereas it is essential for families to spend time together for the purpose of having fun, setting goals, solving differences, developing communication skills, teaching values, providing love and support for each other, establishing rules of the house, providing encouragement, and developing talents, and

Whereas, families need time together without conflicting activities and that there needs to be a time dedicated each week so that the family can provide support and encouragement to each other,

BE IT RESOLVED that Monday or such other day designated by the family, CARIBOU COUNTY proclaims FAMILY NIGHT for families and we encourage parents to take that time to strengthen their families. Other organizations are encouraged to preserve Mondays as a time for families and not schedule conflicting activities. It is suggested that parents use this time as a tool to strengthen their young people by drawing upon the resources available in the county and thus uplift and enrich the experience of being a family.

BE IT FURTHER RESOLVED that the week of November 17 to November 23, 2002, be proclaimed FAMILY WEEK, and that special focus be placed on the family activities scheduled in the community.

SIGNED: Bruce M Dudge DATE: Nov. 8, 2002
Caribou County Commission Chairman
