

**Secure Rural Schools and Community Self-Determination Act
Resolution 07-01 for Caribou County**

Purpose: Designation of the Amount of Funding to be Assigned to Title II and Title III Projects

Whereas, counties having United States National Forests within their boundaries have received Forest Reserve payments for roads and schools under the terms of the Agricultural Reapportionment Act of 1908; and

Whereas, in the past decade federal land use policy has shifted away from a multiple use approach to one in which decisions are made on a centralized basis with great attention being given to single uses; and

Whereas, this approach has had a devastating negative impact on funding for schools and roads in forest counties; and

Whereas, the 110th Congress of the United States passed P.L. 110-28 which seeks to maintain multiple use land management and reconnect local communities with management decisions made about their national forests; and

Whereas, Congress had made provisions for local projects under Title II and III of P.L. 110-28 whereby local Resource Advisory Committees will recommend projects which will enhance the safety and health of forests as well as enhance activities conducted within the National Forests with county boundaries.

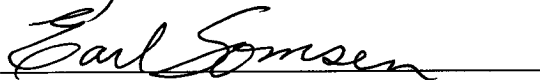

Therefore, be it resolved that Caribou County intends to allocate the portion of funds which it receives for projects through the safety net payment in the following manner: Title II 15% and Title III 0%; and

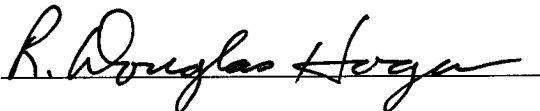

Be it further resolved that a copy of this resolution be transmitted to the Governor of the State of Idaho by such date as may be necessary for it to reach the United States Secretary of Agriculture by September 30, 2007; and

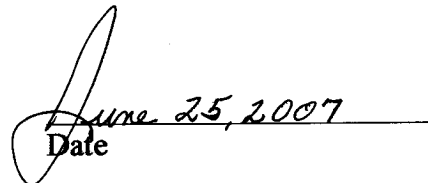

Be it further resolved that this action be communicated to all jurisdictions in this county which receive Forest Reserve payments.
